“NKF congratulates the MFG Chemical-sponsored team and is excited for them to compete at the fabled fairways and signature holes at Pebble Beach,” said National Kidney Foundation Development Manager Jamie Cohen.

Upon winning the tournament, Keith Arnold, former CEO of MFG Chemical and current board director, said, “It’s good to join with so many caring people who want to help such a worthy cause as the National Kidney Foundation. Thirty million adults are estimated to have chronic kidney disease. The NKF is helping to save lives through its great work.”
